Liberty

The Liberty's scrolled relief patterns and Victorian looks transform it from humble radiator to a stunning reproduction centrepiece.

Cast Iron

Joining key

Model / Code	ZXTOOL-02	
Liberty joining key	£160 ex VAT	£192 inc VAT

We will always strive to keep on-site assembly to a minimum, but for radiators larger than the maximum factory assembled size (see charts above) on-site assembly will be required.

Full instructions and parts will be supplied, although a joining key tool will need to be purchased separately on a sale/return basis.

To calculate the length of the radiator, multiply the number of sections by 76mm (see table above), then add 24mm for reducing bushes.

Please note there is a +/- 2mm manufacturer's tolerance per section. We strongly recommend not setting pipework until the radiator has been delivered.

Shown here in Pewter finish with Kentwell chrome thermostatic valves and chrome pipe sleeves.
